

HARTZELL™ CONE SOCKET

SCALERS AND CURETTES

The original Hartzell™ cone socket instrument that you know and trust is back!

Save Costs

Replace one tip at a time when needed with Hartzell cone socket instruments, saving on the lifetime cost of your scalers and curettes.

Environmentally Friendly

Disposing of the tips instead of the full instrument allows your dental office to reduce waste compared to using conventional instruments.

Mix & Match

Customize your Hartzell handle with your preferred instrument tips: Our tried-and-true signature stainless steel tips or long-lasting, sharpen-free titanium nitride (TiN) infused tips. Both are available to suit your unique preferences.

The original Hartzell designs are now masterfully produced by the craftspeople at Nordent®

Available Hartzell™ Cone Socket Scalers and Curettes

TIP DESCRIPTION	440A	TiN
